

### definer+ - Product Data

Like the definer range, definer+ satisfies the requirements of the DDA but in addition it also satisfies new build building regulations. definer+ is infinitely versatile and extendable. By simply adding and interlocking a mat with the DDA8 or DDA10, the profile can be extended to ensure full steps and landings are covered and protected against possible slips.

**Our Disability Discrimination Act (DDA) compliant range of internal and external stair nosings increase high visibility to your staircase.**

#### CARBORUNDUM : DDA2, DDA3, DDA4, DDA5, DDA8, DDA9, DDA10

#### DEFINER RISER STRIP

All profiles available in definer riser strip
